## KEYWORDS

### KEYWORD GLOSSARY

**+/- DICE:** Dice that are added to Success Rolls. If the Keyword applies to a Weapon, the dice are only added to Success Rolls for Attacks made with it.

**+/- INJURY DICE:** Dice that are added to Injury Rolls. If the Keyword applies to a Weapon, the dice are only added to Injury Rolls for Attacks made with it.

**+/- INJURY MODIFIER:** Modifiers that are applied to the result of an Injury Roll. If the Keyword applies to a Weapon, the modifier is only added to Injury Rolls for Attacks made with it.

**ACTION:** An activity a model can carry out when it is Activated. Common ACTIONS include Move, Dash, Shoot, and Fight.

**ASSAULT:** Ranged Attacks made with Weapons that have this Keyword do not prevent a model from taking a Charge or Fight ACTION during the same Activation.

**BLESSING MARKER:** The model is under the influence of a supernatural or chemical enhancement that provides temporary benefits.

**BLOOD MARKER:** BLOOD MARKERS are placed on models that suffer an injury.

**CRITICAL:** Add +2 INJURY DICE instead of +1 INJURY DICE when a Critical Success is rolled for an attack made by a Weapon with this Keyword.

**FIRE:** After making the Injury Roll for a Weapon with this Keyword, place 1 extra BLOOD MARKER next to the target model even if the result is No Effect.

**FLAMETHROWER:** When a Weapon with this Keyword is used to make a Ranged Attack it is automatically a Success. Do not make a Success Roll for the attack. Note that this means that the attack cannot achieve a Critical Success.

**HEAVY:** A model cannot be equipped with more than one piece of Battlekit with this Keyword and it does not receive a Charge Bonus when it makes a charge move. In addition, if a Ranged Weapon or Grenade has this Keyword, you cannot use the Weapon or Grenade to make a Ranged Attack and take a Move, Charge or Retreat, or Dash ACTION with the attacking model as part of the same Activation.

**IGNORE ARMOUR:** Ignore -INJURY DICE and -INJURY MODIFIERS for a target's Armour Characteristic, and for any Armour or Shield pieces of Battlekit that it has, for attacks that have this Keyword.

**IGNORE [MODIFIER]:** Ignore the Success Roll or Injury Roll modifier that is specified. For example, the Success Roll for an attack made with a Ranged Weapon that had the IGNORE LONG RANGE Keyword would not be affected by the -1 DICE modifier for a target at Long Range.

**NEGATE [KEYWORD]:** A model with the NEGATE Keyword is not affected by the specified Keyword's Effect. For example, a model with NEGATE HEAVY ignores the Effect of the HEAVY Keyword.

**PILGRIM:** This model is a part of the Trench Pilgrims Faction.

**REGENERATE (X):** When you Activate a model with this Keyword, before carrying out any ACTIONS, you can remove up to X BLOOD MARKERS from the model.

**SHOTGUN:** Add -1 INJURY DICE to rolls for attacks made at Long Range with a Weapon that has this Keyword, instead of the usual Long Range modifier (-1 DICE).

**STRONG:** A model with this Keyword has the NEGATE HEAVY Keyword. In addition, it can equip and use one 2-Handed Melee Weapon as if it were a 1-Handed Melee Weapon.
